NOTICES.

The Editor hopes that all students who have received no answer to any communication will kindly forgive her and bear her circumstances in mind. She hopes to have more leisure after Easter to devote to the "Plant" and all P.N.E.U. matters. She regrets exceedingly that for the past year she has had no opportunities for meeting or making the acquaintance of the growing body of students who are not personally known to her. She hopes that all these will not hesitate to communicate with her and send contributions and suggestions for the "Plant." We are always in want of new blood and fresh life.

The next number of L'UMILE PIANTA should appear by May 15th, to start the new term. All communications should therefore reach the Editor not a day later than April 25th, and the Scale How notes and news should be sent in, please, by the end of this term.

Mayfield, Maidstone.

P.U.S. BOOKS.

Requests have often been made to the Editor as to the sale of second-hand P.U.S. books. While wishing to impress

upon all students that the books are generally especially intended to be the property of the children and are of such a nature that they should be valued and kept, still there are instances in which an exchange might be beneficial and not prejudice the sales from the office.

Miss G. M. Bernau, Sid Court, Redhill, has kindly offered to act as middleman; will therefore those students who have books to part with kindly communicate with her, but no actual books are to be sent. Students wishing to purchase such books should also communicate with her, but on the strict understanding that "second-hand" books should not be applied for save for the *student's* use; the children's books should be bought by the parents from the office.

NOTICE.

All subscriptions are now due and should be paid to the treasurer, Miss L. Gray, 5, Old Palace Lane, Richmond. Students are especially asked to pay these without delay and without putting the Association to the expense and trouble of writing and asking for them.

A glance at the accounts will show that we just pay our way, and in order to secure the issue of the PIANTA regularly money must be forthcoming.
